FOREWORD

Dear benefactors,

Every new year offers us not only an opportunity for reflection but also a valuable chance to pursue new goals together. As WEFA Humanitarian Organization e.V., we stand by people in need throughout the entire year. Our activities range from winter relief and sustainable income support to our Ramadan and Qurban campaigns, as well as numerous other social projects. Thanks to your support, we were once again able to provide assistance to thousands of people in need across various countries and regions of the world.

Dear donors,

It is with great pleasure that I share another piece of good news with you today. WEFA was honored with the FIAP Honor Award at the FIAP World Cup, in which 297 associations participated, and achieved 7th place in the global ranking. The photographer Mehmet Aslan, who represents WEFA, was selected for inclusion in the prestigious FIAP World Cup exhibition. His achievement fills us with great pride. FIAP, founded in 1950 in Switzerland, is an organization recognized by UNESCO and contributes to the promotion of photographic art worldwide. This success is not only a source of pride but also a sign of our contribution to art and culture.

This year, we presented our photo exhibition titled “The Rest of the Story” at the Rami Library from 8 to 15 November, with the aim of raising social awareness and making it accessible to art enthusiasts. The exhibition features 40 photographs by Mehmet Aslan, who received the Photo of the Year award at the Siena International Photo Festival, as well

as works by Muhammed Muheisen, a two-time Pulitzer Prize winner. During the opening ceremony, we met with the Minister of Family and Social Services of the Republic of Türkiye, Mahinur Özdemir Göktaş, the Gov-ernor of Istanbul, Davut Gül, the District Gov-ernor of Eyüpsultan, Dr. Arslan Yurt, and other esteemed guests. The exhibition attracted great public interest and received wide media coverage.

Dear donors,

At the award ceremony for the Success and Honor Prizes of the Turkic World, organized by the Anatolian Association and Industry Federation (ASIAD), WEFA was honored with the Global Award for Social Responsibility. This recognition was made possible only through the dedicated efforts of our team members and the trust placed in us by our supporters. Humanitarian aid is not merely an act of assistance; it is a responsibility carried out in the name of humanity. This award has further strengthened our conviction in the importance and impact of our work.

Dear brothers and sisters,

As WEFA, we continue our efforts in the field of education with determination. We provide scholarships to 143 university students in Türkiye. This support program enables students to focus on their studies despite financial concerns and promotes values such as social responsibility, volunteer work, and community awareness.
In addition to academic education, this scholarship program also supports the personal and social development of the students, laying the foundation for them to grow into well-equipped individuals who can contribute to society in the future.
Within the framework of the WEFA Academy, we launched the certificate program “Humanitarian Diplomacy” and held the first session on 21 December at the Rami Library. Over the course of the six-month training program, experts from academia, professionals, and representatives of various institutions will meet with our scholarship recipients to share their knowledge and experience. At the end of the program, our students will receive their certificates and be better prepared as professionals in the fields of humanitarian aid and diplomacy.

Dear friends,

In line with our commitment to the common good, we continue to develop strong, sustainable, and multi-stakeholder partnerships in the fields of education, culture, and humanitarian aid. With this understanding, we consider it a priority to implement projects that strengthen solidarity between institutions and are guided by shared values.
Within this framework, we signed a cooperation protocol to work together with the General Directorate of Support Services of the Ministry of National Education. In addition, a significant cooperation protocol was signed between the WEFA Humanitarian Organization and the Rami Library, with the aim of increasing social benefit and paving the way for new projects in the fields of education and culture. Through this collaboration, cultural and educational activities for various social groups are to be expanded.
Furthermore, the cooperation protocol signed between the Rectorate of the Turkish-German University and the WEFA Humanitarian Organization aims to carry out diverse joint studies, particularly in the areas of social responsibility, humanitarian aid, academic and applied research, volunteer activities, and awareness-raising projects in fields where support is needed.
We are convinced that these partnerships will make a significant contribution to raising social awareness, strengthening the exchange of knowledge and experience, and creating

long-term sustainable value. We will continue to pursue this mission in the coming period.

Dear friends,

This year, we successfully held the fourth meeting of the European Platform for Humanitarian Aid (AVIYAP), organized by the Consulate General of the Republic of Türkiye in Cologne. The meeting was attended by the President of the Turkish Red Crescent, Fatma Meriç Yılmaz, the Consul General of the Republic of Türkiye in Cologne, Hüseyin Kantem Al, the Consul General of the Republic of Türkiye in Essen, Taylan Özgür Aydın, the Consul General of the Republic of Türkiye in Kassel, Erdinç Evirgen, as well as numerous representatives of civil society organizations and members of the business community.
At this high-level gathering, the importance of cooperation between public institutions, civil society organizations, and the private sector in times of disasters and crises was once again emphasized. The complementary and coordinating role of AVIYAP in this field was discussed and evaluated in line with the strategic vision of the platform.

Dear benefactors,

None of these achievements and activities would have been possible without your support and trust. Together, we continue on the path of bringing hope to humanity. In the coming year, we will stand by those in need with the same determination and enthusiasm, further developing our projects for the benefit of society.We have compiled the humanitarian activities carried out throughout the year under the title “Activity Report 2025” and are presenting this valuable work to you today with great care.

With my warmest regards,

H. Musab AYDIN

Chairman of the Board

ABOUT US

WEFA Humanitarian Organization is an independent non-governmental organization founded with the aim of safeguarding human dignity under all circumstances, at all times, and in every place, and of providing assistance to people in need—aligned with universal humanitarian values and without distinction of language, religion, gender, or ethnic background. Its headquarters are located in Cologne, Germany. It has branches in Berlin, Vienna, and Antwerp, as well as a representative office in Istanbul.

Since its establishment in 2006, WEFA has provided emergency relief, social assistance, and support in the areas of education, shelter, and health in many countries around the world. In addition, the organization develops long-term plans and strategies to reduce the dependency of communities and individuals affected by

crises on humanitarian aid.

A central concern is the fight against poverty, which, as a social phenomenon, creates an inescapable cycle and perpetuates itself through a chain reaction.

The organization carries out educational projects in various regions to enable children facing financial hardship to access quality education and to equip them with the knowledge and skills needed to realize their potential.

Furthermore, sustainable construction projects have been established in Asia and Africa, including mosques, libraries, orphanages, orphan schools, playgrounds, health centers, and similar facilities.

During the month of Ramadan, WEFA extends a helping hand through its Ramadan Campaign, and during Eid al-Adha, through its Qurban Campaign. In the winter months, winter relief programs are implemented to reduce the impact of cold weather conditions on people in need.

The Orphan Sponsorship projects, Water Well Constructions, Income Generation projects, and Cataract Surgery are carried out throughout the year. WEFA conducts humanitarian aid activities in Asia, Africa, the Middle East, and the Balkans, and is also active in Türkiye, particularly in earthquake-affected and other disaster-stricken regions.

In acute emergency situations, food, clothing, hygiene items, and shelter are provided. For the post-disaster period, WEFA develops sustainable and long-term support models.

To enable rapid, effective, and sustainable cooperation among civil society organizations in Türkiye during natural disasters and other unexpected crises, the European Humanitarian Aid Platform (AVIYAP) was established under the umbrella of WEFA in 2024. The platform aims, in particular, to better coordinate and strengthen the contributions of European non-governmental organizations to Turkish relief and disaster response efforts.

In the field of education, WEFA regularly awards scholarships to students. Through training sessions, seminars, workshops, and various events, personal development, social awareness, and sense of responsibility of scholarship recipients are strengthened.

Within the framework of the educational platform WEFA Academy, certificate and continuing-education programs are also offered. Joint activities with Erasmus students and projects promoting youth volunteerism are likewise among WEFA's key areas of work.

In the cultural field, WEFA connects art with social engagement. Through photo exhibitions and other cultural and artistic events, humanitarian values are made visible and social awareness is strengthened.

In addition, WEFA offers free counseling services through the project "WEFA Family Academy – WEFAMILY." The aim is to strengthen family life, promote happiness within the family, and preserve family unity.

OUR MISSION

- Address the negative impacts of wars and natural disasters to enable individuals and society to regain self-reliance
- Strengthening communities, individuals, and organizations in need
- Contribute to the elimination of poverty and the promotion of social justice
- Be present quickly and effectively in times of crisis to minimize harm
- Develop long-term solutions through sustainable projects

OUR VISION

- Contribute to a world that upholds human dignity
- Maintain universal and enduring values in a dynamic world
- Enable a dignified life for people in need and those who are disadvantaged through humanitarian assistance
- Act as a bridge between the giving and the receiving hand
- Promote goodness at all times and in all places and contribute to spreading it across the world

There is Nothing
Better Than

wefa

OUR PRINCIPLES OF WORK

- To take a leading role in doing good
- To aid all people in need without discrimination
- To use entrusted resources appropriately, according to needs, and at the right time
- To act with transparency
- To prioritize service, goodness, and assistance above institutional visibility or brand recognition
- To act morally, justly, responsibly, and sensitively
- To expect no return when providing help
- To ensure sustainable and solution-oriented assistance
- To refrain from political activities
- To not belong to any group or community
- To be the voice of the oppressed
- To serve as a bridge between societies

ORPHAN PROJECTS

We stand by our orphaned children, who must face life's challenges at a very young age, to ensure that all their basic needs are met. Through our orphan-sponsorship program, social support projects, and community-solidarity initiatives implemented in various regions, we aim not only to improve the children's living conditions today but also to prepare them for a safe, hopeful, and productive future. In addition, we support orphans at specific times of the year through projects such as providing festive clothing, zakat assistance, winter garments, and school supplies.

WEDDING SUPPORT FOR AN NEWLY MARRIED COUPLE

In 2025, WEFA supported the wedding expenses of an orphan couple in Pakistan who had been unable to marry due to financial hardship.

Together
WITH ORPHANS

As part of our **"We Stand Together with Orphans"** projects which aims to provide orphans with a warm and family-like environment, we support affected children in all areas — from education to health — and help them feel valued and safe.

Within the framework of the **"We Stand Together with Orphans"** project, we met with children in Albania, Bangladesh, Burkina Faso, Ghana, Tanzania, and Türkiye in 2025. The children received winter clothing, boots, school bags, and school supplies. In addition, entertaining activities were organized for children in several regions.

At the program organized in Kahramanmaraş in cooperation with Hayrat Humanitarian Aid, former Minister of Agriculture and Forestry and Member of Parliament for Kahramanmaraş, Prof. Dr. Vahit Kirişci, representatives of the provincial protocol, and leading figures of the city were present. The orphans affected by the earthquake enjoyed an entertaining day featuring face painting, various games, and magic shows.

Educational Support

To support the children's education, school bags, school supply sets, and basic learning materials were procured and distributed to the children.

Milk for Orphan Children

As part of the project, orphans are provided with fresh and nutritious milk every morning, contributing to their physical development while giving them the energy they need to support their academic performance. In 2025, a total of 420 children in Bangladesh received milk every day through this initiative.

WATER WELL PROJECT

Water wells make everyday life easier, especially for people living in rural areas, and reduce the risk of infectious diseases spreading. With the WEFA Water Well project implemented in Asia and Africa, we aim to improve the living standards of communities with limited access to water and to create long-term solutions.

In 2025, Water Well projects were carried out in seven countries — Ghana, Kenya, Nigeria, Pakistan, Somalia, Sri Lanka and Togo.

In 2025, work began on 124 new water wells. A total of 106 wells were completed and put into operation, while the construction of 18 wells is still ongoing.

Between 2006 and 2025, a total of 5,885 water wells were completed and put into operation.

CATARACT SURGERIES

Across Asia and Africa, millions of people who cannot receive treatment due to financial and technical constraints suffer vision loss because of cataracts. Although it is a treatable condition, individuals who cannot access the necessary healthcare services struggle to sustain their daily lives and gradually become disconnected from social life. Through the **"Cataract Surgery Project"** we have implemented as WEFA, we bring hope to those at risk of losing their sight; we help them reconnect with life, continue living independently, and participate actively in society.

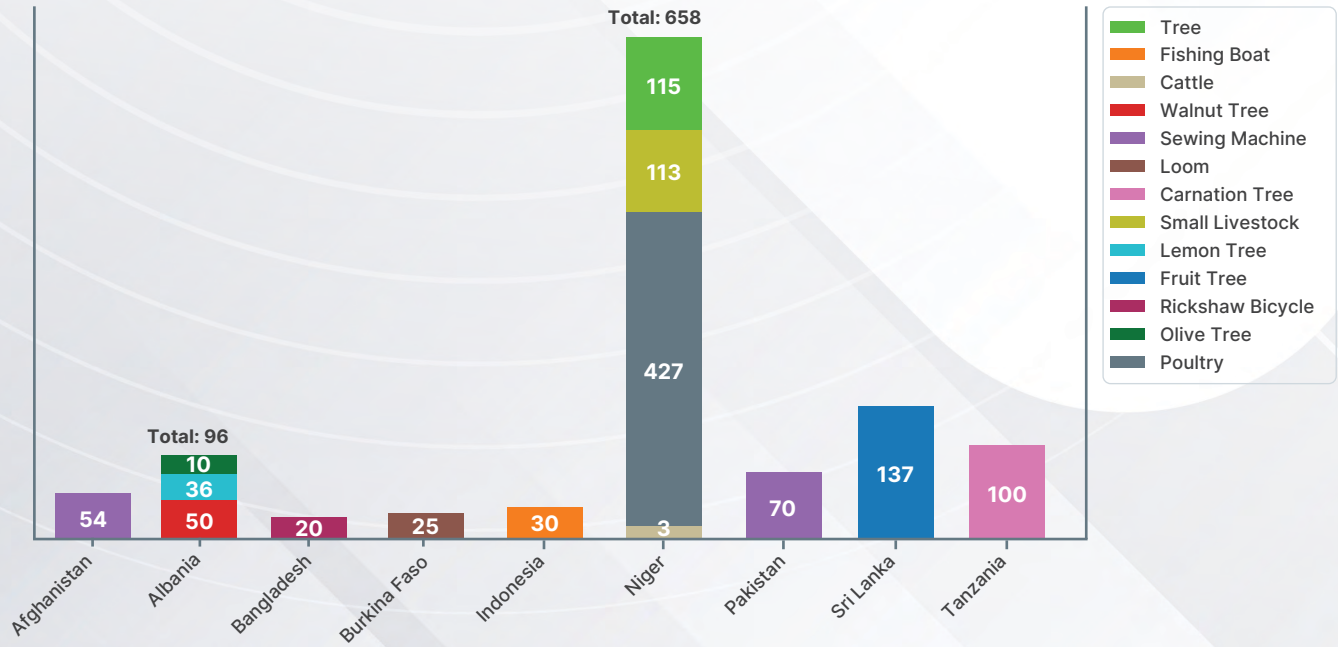
"To date, more than 23,000 cataract surgeries have been performed under the "Cataract Project."

INCOME GENERATION PROJECT

The "Income Generation Project" aims not only to meet individuals' immediate needs, but also to help them reach a level where they can sustain their own livelihoods in the future. In this context, tools and opportunities are provided so that those in need can produce, practice their professions, or engage in small-scale economic activities.

In 2025, within the scope of the **"Income Generation Project"**, various forms of support were provided in a total of 9 countries to help people sustain their livelihoods. A total of 527 families benefited from the assistance efforts.

Distribution of the 2025 Income Generation Project by Country



CONSTRUCTION PROJECTS

Within the scope of the projects, essential structures needed by the community—such as schools, orphanages, mosques, health centers, and social living spaces—are being built; through these facilities, especially children, orphans, and disadvantaged groups are supported in continuing their lives in safe environments.

Activities Carried Out in 2025 Within the Scope of the Permanent construction projects:

The foundation of the Güneşin Çocukları Okulu was laid in Burkina Faso. The school to be built will have the capacity to serve a total of 225 primary school students between the ages of 7 and 15. Built on a total area of 202.5 square meters, the structure aims to provide students with a safe and productive environment for education.

The foundation of the Hayrunnisa Complex was laid in Niger. Built on a total area of 660 square meters, the complex was launched to address the shortage of hospitals and healthcare services in the region. The project's main objective is to provide quality and sustainable healthcare services to the poor population living in Niger. In this context, the Hayrunnisa Complex was planned to include two classrooms for Arabic instruction and Qur'an memorization, two classrooms for sewing training, and a two-story hospital with a pharmacy. Through this complex, which will serve both health and education needs, the quality of life of the local population is expected to improve. After the project is completed, at least 10,000 people are expected to benefit from these services.

Construction of the third floor of Aişenur Orphanage has begun. The project was carefully planned to meet the shelter and educational needs of orphaned children. With the completion of the new floor, the orphanage will be able to offer more children a safe, comfortable, and education-oriented living space

The Syria Return and Shelter Rehabilitation Project, carried out in partnership with the Turkish Red Crescent, has been launched. Within the scope of the project, it is aimed to rehabilitate approximately 50,000 housing units across Syria that have been affected by conflict and remain repairable; in doing so, the goal is to provide around 250,000 people with safe, healthy, and livable living spaces.

Construction of the third floor of the Anadolu Ensar Orphanage in Bangladesh has begun. Currently accommodating 64 orphans across its existing two floors, the facility will be able to house a total of 96 children upon completion of the third floor. Built on an area of 290 square meters, the orphanage aims to provide children with a safe, comfortable, and living environment conducive to education.

In Burkina Faso, the home of a widowed woman in need was rebuilt, providing her with safe and healthy housing. With a total area of 16.8 square meters, the house has been designed to meet her basic living needs.

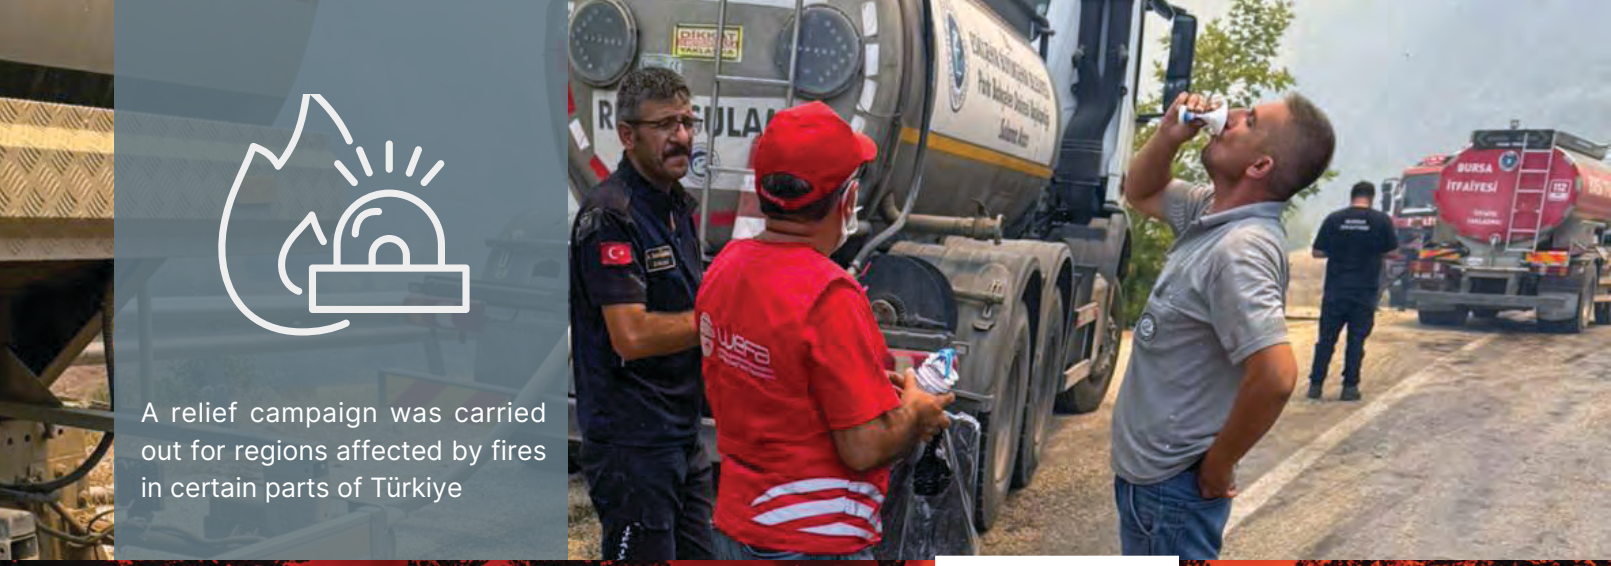
EMERGENCY RELIEF

We carry out comprehensive humanitarian aid operations during critical disasters such as earthquakes, floods, landslides, and wildfires, as well as in regions severely affected by hunger and drought. By delivering essential supplies— including basic food items, clean water, hygiene products, and medical materials—to affected areas in a timely and efficient manner, we help alleviate the hardships faced by those impacted.

Following the 6.1 magnitude earthquake that occurred in the Marmara Sea on 23 April 2025, with its epicenter off the coast of Istanbul's Silivri district, hot soup was served to earthquake victims.

An Emergency Relief campaign for Gaza was launched. Through the coordinated efforts of WEFA and the Turkish Red Crescent, ready-to-eat meals were distributed to civilians at secure distribution points, helping meet their daily nutritional needs amid the ongoing crisis.



A relief campaign was carried out for regions affected by fires in certain parts of Türkiye

Snapshots from the Field...

WINTER RELIEF PROJECTS

2024/2025 Winter Relief

The 2024/25 Winter Relief activities, which began in November 2024, continued until the end of February 2025. Within the scope of the 2024/2025 Winter Relief Project, distributions were carried out in Germany, Albania, Bangladesh, Bosnia and Herzegovina, North Macedonia, Lebanon, Türkiye, and Ukraine. Hot meals, mattresses, pillows, blankets, winter clothing, fuel materials, heaters, and similar aid items were delivered to those in need.

2025/2026 Winter Relief

The 2025/2026 Winter Relief activities, planned to continue until February 2026, were launched in November 2025. Within the scope of the relief campaign planned to be carried out in North Macedonia, Lebanon, Pakistan, Serbia, Syria, Türkiye, Ukraine, and Yemen, priority was given especially to families facing economic hardship and orphaned children.

Food parcels, firewood, stoves, blankets, beds, tents, and similar aid items were delivered to those in need. Children were given sets of hats, gloves, scarves, and boots.

In addition, zakat support was provided to help families meet their basic needs. Aid was delivered both in city centers and to families living under difficult conditions in rural areas.

Distributions in Türkiye were carried out in the provinces of Adıyaman, Bayburt, Gümüşhane, Istanbul, Kahramanmaraş, and Sivas. Aid activities conducted in some provinces were carried out in cooperation with the Türkiye Diyanet Foundation and the Sevap Tası Association.

ZAKAT DISTRIBUTION

Collected zakat is delivered to various segments of society, especially families with insufficient financial means, the elderly, orphans, and persons with disabilities.In 2025 as well, zakat was distributed to those in need in different countries and regions of the world.

HOT MEAL DISTRIBUTION

Within the scope of the “Hot Meal Distribution” project, carried out in partnership with the Sevap Tası Association, three-course hot meals are distributed every day in Istanbul to those in need, especially the homeless. Hot meals are also regularly delivered to the homes of people who cannot come to the distribution point for various reasons. This work continued regularly in 2025.

Enjoy watching

The Story of Sharing in Istanbul...

"WELCOME PACKAGE" PROJECT

Through the Welcome Package project, WEFA provides essential supplies to vulnerable mothers and their newborn babies across Türkiye, helping meet their basic needs during the critical early days after birth. The gift package given to mothers who have recently given birth includes a total of 17 items such as baby clothes, diapers, baby shampoo, a thermometer, a baby bottle, a blanket set, a mother's bag, and clothing for the mother. In 2025, a total of 200 "Welcome Packages" were gifted to mothers who gave birth in a hospital in Istanbul.

WEFA FAMILY COUNSELING - WEFAMILY

The "WEFA Family Counseling - WEFAMILY Project" aims to sustain family structure in a healthy way, increase happiness among family members, and preserve family unity. Within the scope of the project, expert support is provided to individuals seeking solutions in family environments where tension, incompatibility, and conflict exist; the goal is to re-establish fundamental values such as love, respect, tolerance, and trust.

In 2025, the counseling services provided under this work were primarily conducted in the areas of divorce processes, personal crises, child development and problems, and couples therapy. The most frequently observed issues among clients were contested divorce processes, cases monitored by youth welfare offices, domestic violence, and especially the difficulties of female university students faced in stress, anxiety, and crisis management.

The age range of clients varied between 19 and 47, and approximately 95 percent of applications came from women. A large portion of the services were provided through online platforms, and the high number of applications from outside the city was notable. When the client distribution was examined, it was found that there were 20 couples, 39 individuals, 10 families, and 18 university students. In total, 381 sessions were conducted, and during this process interventions were provided to strengthen clients' coping skills, increase their crisis management capacity, and meet their need for psychosocial support.

In order to establish a fast, effective, and sustainable coordination mechanism among civil society organizations in cases of natural disasters and similar unexpected crises that may occur in Türkiye, the European Humanitarian Aid Platform (AVİYAP) was launched under the umbrella of WEFA in 2024. The platform especially aims for civil society organizations operating in Europe to make a more organized and stronger contribution to Türkiye-centered disaster and humanitarian aid processes.

AVİYAP aims not only to increase response capacity in times of crisis, but also to strengthen disaster preparedness, institutional capacity development, and a culture of cooperation. In this context, one of the platform's main goals is to organize training sessions, seminars, conferences, and consultative meetings to enhance the capacities of member organizations in areas such as project development, logistics planning, volunteer management, efficient use of resources, and inter-institutional coordination.

The platform's first meeting was held on 16 January 2024, and its second meeting on 5 June 2024. Both meetings were hosted by the Embassy of the Republic of Türkiye in Vienna, while AVİYAP's third meeting was held on 22 June 2024 at the Consulate General of the Republic of Türkiye in Cologne under the title "Germany Humanitarian Aid Platform Meeting." At the meetings, representatives of civil society organizations active across Europe came together and held comprehensive discussions on disaster preparedness, cooperation models, and opportunities for joint action.

The fourth meeting of the European Humanitarian Aid Platform was also hosted by the Consulate General of the Republic of Türkiye in Cologne. Held on 28 June 2025, the meeting was attended by Turkish Red Crescent President Fatma Meriç Yılmaz, Consul General of the Republic of Türkiye in Cologne Hüseyin Kantem Al, Consul General of the Republic of Türkiye in Essen Taylan Özgür Aydın, Consul General of the Republic of Türkiye in Kassel Erdinç Evirgen, WEFA President H. Musab Aydın, representatives of civil society organizations, and businesspeople. At the meeting, held with high-level participation, the importance of cooperation between public institutions, civil society, and the private sector during disasters and crises was emphasized, and AVİYAP's complementary role in this field was discussed.

AVİYAP aims to bring civil society organizations in Europe together on a single platform, contributing to the more coordinated, faster, and more effective implementation of humanitarian aid activities in Türkiye and other geographies where support is needed. The platform is planned to continue its work in the coming period through regular meetings and capacity-building activities.

EDUCATIONAL SCHOLARSHIP

The Educational Scholarship program is one of the social support activities carried out for university students, centered on education. Within the program, regular scholarship support is provided to university students; the aim is to sustainably support young people's academic lives and improve their academic success.

Through the scholarship program, students are intended to focus on their education without financial worries, while also receiving support not only for their academic development but also for their social and personal growth. WEFA values helping scholarship recipients grow into individuals who are socially conscious, responsible, and guided by ethical values. In line with this, students are encouraged to develop social responsibility, social awareness, and a sense of volunteerism.

Through training, seminars, workshops, and various activities organized under the social responsibility project for scholarship recipients, students' personal development is supported. Through these activities, students are expected to improve their communication skills, strengthen their leadership qualities, discover their talents, and grow into individuals who are inclined toward teamwork.

Within the scope of the Educational Scholarship Program, scholarship support was provided to 143 university students in Türkiye in 2025.

WEFA ACADEMY

WEFA ACADEMY is an educational platform operating within WEFA Humanitarian Aid Organization. It aims to equip university students, academics, experts, and volunteers with knowledge, awareness, and competence in the fields of humanitarian aid, humanitarian diplomacy, and civil society. The certificate and training programs carried out within WEFA ACADEMY are designed with an approach that combines theoretical knowledge with practice, with contributions from expert academics and professionals with field experience. The training aims to develop multifaceted competencies such as a sense of responsibility, ethical stance, and project management experience.

Within the scope of WEFA ACADEMY activities, the “Humanitarian Aid Certificate Program” was launched in December 2025 as a six-month program for young people. The program, which aims to combine academic knowledge with field experience, places at its center the contribution it will make to scholarship students’ academic and social development.

The launch of the program, held on 21 December at Rami Library, one of Istanbul’s important centers of culture and knowledge, attracted great interest from university students. Students from different universities and departments had the opportunity to take part in this comprehensive program, where they could develop themselves in the fields of humanitarian aid and diplomacy.
It was emphasized that in the long term, the program aims not only to increase participants’ level of knowledge, but also to improve their skills in critical thinking, problem-solving, teamwork, and leadership. At the end of the program, students become eligible for certification by presenting their projects. Through the certification program, students are intended to grow into qualified individuals capable of carrying out effective work at the international level in the fields of humanitarian aid and diplomacy. Other areas of WEFA ACADEMY activity include conferences, workshops, publications, reports, academic collaborations, and the implementation of innovative humanitarian aid projects.

VOLUNTEER ACTIVITIES

Volunteers who devote their time, potential, knowledge, and skills to the benefit of society without seeking any personal gain play a key role for civil society organizations. Through the work they carry out, volunteers make an important contribution to enabling NGOs' services to reach, be shared with, and be supported by wider audiences. WEFA, with its broad social base and volunteer network, has also carried out many projects thanks to this.

WEFA Elsenfeld Representative Aydanur Derindere and WEFA Volunteers came together at an iftar program. Information about the Aişenur Orphanage, built by WEFA in Bangladesh for orphaned girls, was shared with the participants.

WEFA Volunteers in Belgium set up a stand on Zuid Street in the city of Antwerp. Visitors were given information about WEFA, and hot soup was also served.

At an event organized by WEFA Volunteers in Belgium as part of a breakfast gathering, participants were informed about WEFA's relief work in Gaza

WEFA Stadtallendorf Representative Havva Çil and WEFA Volunteers came together at an event. Information about WEFA's relief activities was shared within the program. WEFA President H. Musab Aydın was also present.

At a program organized by WEFA Heilbronn Representative Sevim Bilekkaya, participants were informed about WEFA's work for orphans.

OTHER ACTIVITIES

The WEFA Humanitarian Aid Organization brought its photography exhibition titled "The Rest of the Story," organized to raise social awareness, together with art enthusiasts at the Rami Library between November 8–15. The exhibition featured a total of 40 works by Mehmet Aslan, who was awarded "Photo of the Year" at the Siena International Photo Festival, and Muhammed Muheisen, a two-time Pulitzer Prize–winning National Geographic photographer.

The opening of the exhibition was held with the participation of Mahinur Özdemir Göktaş, Minister of Family and Social Services of the Republic of Türkiye. The ceremony was also attended by Istanbul Governor Davut Gül, Eyüpsultan District Governor Dr. Arslan Yurt, Istanbul Provincial Director of Culture and Tourism Hüseyin Keskin, Rami Library Director Ali Çelik, and Serap Yahşi Yaşar, Member of Parliament for Istanbul during the 26th and 27th legislative terms.

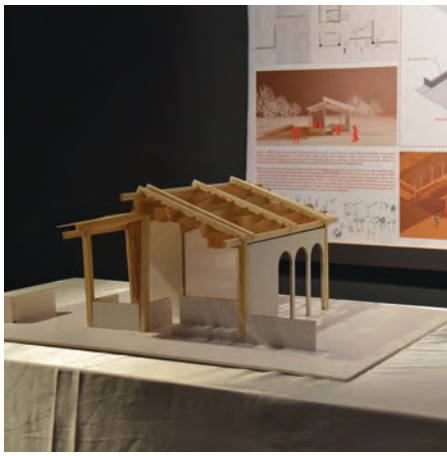
At the “STK Fest Istanbul” event held at Sabahattin Zaim University, WEFA International Humanitarian Aid Organization also set up a stand and met with students. Organized in cooperation with the Foundation of Volunteer Organizations of Türkiye (TGTV) and the Union of NGOs of the Islamic World (IDSB), the event, themed “Vision of Mutual Transformation,” brought students and volunteers together under one roof. Istanbul Governor Davut Gül, who attended the event, visited the WEFA stand and received information about WEFA’s humanitarian aid activities around the world.

“The Rest of the Story” photo exhibition also met with participants as part of the 10th Ordinary General Assembly of the Union of NGOs of the Islamic World (IDSB). Deputy Minister of Trade of the Republic of Türkiye Mahmut Gürcan, Deputy Minister of Youth and Sports of the Republic of Türkiye Prof. Dr. Halis Yunus Ersöz, and Istanbul Governor Davut Gül also visited the exhibition

WEFA also took part in the European Humanitarian Aid Forum held in Brussels. The forum, hosted by the European Commission, addressed many important topics such as climate change, prolonged conflicts, strengthening local aid actors, digital solutions, and the sustainability of the humanitarian aid system.

At AidEx Geneva 2025, whose theme this year was set as “Preparing Humanitarian Aid for the Future – Effective Response to Crises through Innovative Approaches and Systemic Change,” more than 3,000 participants from over 80 countries came together. WEFA also set up a promotional booth at the fair, where UN agencies, Red Cross and Red Crescent Societies, civil society organizations, donors, investors, and private sector representatives were among the participants.

Under the Erasmus program funded by the European Union, titled “Digital Entrepreneurship Tools and International Entrepreneurship,” university students from Türkiye visited the headquarters of WEFA International Humanitarian Aid Organization. Students in Germany, within the program organized by the Belgium Maarif Foundation, ASKON, and USap, were hosted at WEFA’s headquarters in Cologne. The meeting held during the visit was attended by WEFA President Musab Aydın, WEFA Board Member Şerafettin İmatoğlu, and Ayşegül Arslan from WEFA’s Promotion and Media Directorate.



The “Design with Kindness” architectural design competition was organized for university students in Türkiye. The award ceremony, held with high participation at the Ümraniye Municipality Culture and Arts Center, was attended by Deputy Minister of Culture and Tourism of the Republic of Türkiye Dr. Serdar Çam, Deputy Minister of National Education of the Republic of Türkiye Assoc. Prof. Dr. Celile Eren Ökten, Ümraniye District Governor Yüksel Çelik, and Ümraniye Deputy Mayor Mesut Özdemir. Assoc. Prof. Dr. Mehmet Selim Ökten (Chair of the Jury), Dr. Faculty Member Mesut Dural, Dr. Faculty Member Abdullah Asım Divleli, Dr. Faculty Member Hakkı Can Özkan, and Senior Architect Emre Can Yılmaz were among the jury members.

Colorful scenes from the award ceremony...

WEFA scholarship recipients in Türkiye came together at a breakfast event held at Adile Sultan Pavilion. Organized to encourage interaction among students and the sharing of their experiences, the event provided young participants with the opportunity to form new friendships and strengthen their social bonds.

WEFA also set up an exhibition stand at the DIHAD 2025 Humanitarian Aid and Development Conference and Exhibition, held at the Dubai World Trade Centre from April 29 to May 1, 2025. This year's event, organized under the theme "Humanitarian Aid and Development in a Polarized World," addressed global humanitarian issues such as the climate crisis, conflicts, and forced migration. As part of the event, meetings were held with Lütfullah Göktaş, Ambassador of the Republic of Türkiye to Abu Dhabi; Umut Koldaş, Representative of the Turkish Republic of Northern Cyprus in the United Arab Emirates; and Onur Şaylan, Consul General of the Republic of Türkiye in Dubai.

A significant cooperation protocol was signed between WEFA Humanitarian Aid Organization and Rami Library, aiming to enhance social benefit and lay the groundwork for new projects in the fields of education and culture.

At an event organized by the Education Attaché of the Consulate General of the Republic of Türkiye in Cologne on the occasion of November 24 Teachers' Day, held at the Maarif Europe building, certificates of achievement were presented to successful students. WEFA Humanitarian Aid Organization also gifted tablets to the students.

The “Turkic World Achievement and Honor Awards Ceremony,” organized by the Anatolian Unifying and Industrialist Business Association (ASİAD), was held in Istanbul. The event brought together individuals who have achieved success in various fields across the Turkic world and saw strong participation from representatives of civil society organizations, business leaders, academics, and invited guests.

The ceremony served as an important platform for sharing success stories and increasing the visibility of initiatives carried out for the benefit of society.
During the evening, H. Musab Aydın, President of WEFA International Humanitarian Aid Organization—recognized for his international social responsibility projects and humanitarian efforts—was honored with the “Global Social Responsibility Honor Award.”

The award was presented in recognition of WEFA’s humanitarian aid act iv it ies s uppo rt ing communities in need around the world, its pioneering projects aimed at improving living conditions, and its exemplary work in the field of social responsibility.

This meaningful award presented at the ceremony was regarded as a significant indicator of WEFA’s international activities and its impact in the field of humanitarian aid.

H. Musab Aydın, President of WEFA, participated as a speaker in the "Cooperation and Coordination Meeting on Humanitarian Work in Sudan" organized by the Union of NGOs of the Islamic World (İDSB).

A cooperation protocol was signed between the Ministry of National Education of the Republic of Türkiye and WEFA International Humanitarian Aid Organization to carry out joint activities.

Akif Emre Aktaş, Director of International Relations and Partnerships at WEFA, delivered a presentation titled "Diaspora and Humanitarian Aid" at the Humanitarian Diplomacy Specialization Program organized by Genç Kızılay.

An iftar program was organized for WEFA scholarship recipients.

A cooperation protocol was signed between the Rectorate of Turkish-German University and WEFA International Humanitarian Aid Organization. Within the scope of the protocol, it is aimed to carry out joint work, especially in areas such as social responsibility projects, humanitarian aid activities, academic and applied studies, volunteer activities, and awareness projects, where needed.

WEFA participated in the IHSA Conference organized by the International Humanitarian Studies Association between 15 and 17 October. Within the program, in a presentation titled “Beyond North and South: Turkish Diaspora Humanitarianism in Germany,” WEFA Director of International Relations and Partnerships Akif Emre Aktaş shared information about WEFA’s work with participants.

WEFA also took part in the panel titled “The Future of Syria and Germany’s Contribution,” organized by the Centre for Humanitarian Action (CHA) and Caritas International.

WEFA achieved a major success by ranking 7th in the world standings at the FIAP World Cup, in which 297 clubs participated. A photograph taken in Africa by Mehmet Aslan, who received the “Photo of the Year” award at the Siena International Photo Festival, was awarded an Honorable Mention.

Iftar events were organized in different parts of Europe on the occasion of Ramadan. An iftar program was organized at Antwerp Hacı Bayram Mosque. The program was attended by the Consul General of the Republic of Türkiye in Antwerp, İsmail Sefa Yüceer, as well as representatives of various NGOs. In addition, at the iftar program held in Vienna, the Ambassador of the Republic of Türkiye to Vienna Dr. Gürsel Dönmez, Counsellor İlker Alansal from the Consulate General of the Republic of Türkiye in Vienna, Religious Affairs Counsellor Selahaddin Çelebi, ATİB President Eşref Çakmak, and various NGO representatives attended.

WEFA also set up a promotional stand at the TKZ'25 Career Summit held at Turkish-German University

In collaboration with the Türk-Alman Üniversitesi Fikir ve Medeniyet Kulübü, WEFA delivered a variety of humanitarian aid supplies to families affected by the earthquakes in the Turkish provinces of Malatya and Elâzığ.

WEFA YOUTH

Youth is undoubtedly the most dynamic element of societies. For this reason, the participation of young people in every area of social life is of great importance. In order for young people to take part in actions and initiatives that will make it possible to create a better society, civil society organizations must first provide them with opportunities to develop their knowledge, skills, and abilities. In line with this, WEFA established “WEFA YOUTH” within its structure in order to enable young people to participate actively in society, increase their environmental awareness, and support them in realizing their potential; thus, it aimed to reach young individuals. Continuing its activities without interruption in 2025 as well,WEFA Youth carried out relief efforts for those in need in various countries and regions of the world with the support of benefactors.

Scenes from winter relief activities carried out in Bielefeld, Germany...

The “Sustainable Development: Sustainable Urban Planning and Implementation After Earthquake” project, carried out under the European Union Erasmus+ KA154 program, was successfully completed with the participation of a total of 30 young people from Germany and Türkiye. The project was implemented in cooperation with WEFA Humanitarian Aid Organization and the Association for Environment, Energy and Society Research (ÇETAD).

The first phase of the project took place in Cologne, Germany in April 2025. Within the program, young participants received theoretical training on sustainable urbanism, post-disaster reconstruction, and environmental resilience. They also had the opportunity to examine local projects on site and met with experts in the field.

The second phase was held in Hatay. In the fieldwork conducted in the earthquake region, the young participants had the opportunity to observe and assess urban transformation processes in the region firsthand.

As part of the project, courtesy visits were also made to various institutions. In this context, visits were paid to the President of the Turkish Red Crescent Hatay Branch, Hüseyin Kimyonoğlu; Hatay Provincial Director of National Education, Dr. Harun Tüysüz; Hatay Provincial Director of Youth and Sports, Ali Osman Bebek; and Deputy Mayor of Kırıkhan, Reşit Karaoğlu. During the visits, views were exchanged on post-disaster development and youth work.

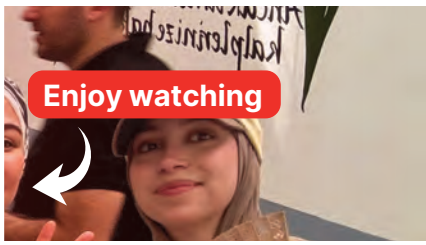
Visit to Dr. Harun Tüysüz, Hatay Provincial Director of National Education

Visit to Ali Osman Bebek, Hatay Provincial Director of Youth and Sports

Visit to Reşit Karaoğlu, Deputy Mayor of Kırıkhan



Hot meals were served to homeless people in the German cities of Bielefeld, Bochum, Frankfurt, and Cologne.

An online meeting and consultative gathering bringing together young volunteers was success-fully held.

The nursing home in Bielefeld, Germany, was visited by WEFA. During the visit, volunteers had the opportunity to meet one-on-one with the residents of the nursing home and listen to their views and experiences. These interactions contributed to improving the morale and motivation of the residents.

During the visit, various activities were organized to strengthen the social interaction of the elderly. Activities such as arts and crafts helped the residents remain active both mentally and socially. In addition, small surprises and gifts made the visit a meaningful and enjoyable experience for the participants.

WEFA Youth also took part in the winter relief activities.

Bakan Göktaş'ın Katılımıyla WEFA'nın "Hikâyenin Geri Kalanı" Sergisi Açıldı

WEFA Uluslararası İnsani Yardım Organizasyonu tarafından düzenlenen "Hikâyenin Geri Kalanı" adlı fotoğraf sergisi, T.C. Aile ve Sosyal Hizmetler Bakanı Mahinur Özdemir Göktaş'ın katılımıyla 8 Kasım'da Rami Kütüphanesi'nde açıldı. 8-15 Kasım tarihleri arasında gerçekleştirilen fotoğraf sergisi etkinliğine ilgi yoğun oldu.

2006 yılından buyana yaptıkları insani yardım çalışmalarıyla değiş adresi fotoğrafçılık projelerine de dikkat çeken WEFA, bu kez insani faaliyetlerini sanatın dünyayı görünür kılmaya amaçlıyor.

8 Kasım'da gerçekleştirilen sergi açılışına T.C. Aile ve Sosyal Hizmetler Bakanı Sayın Mahinur Özdemir Göktaş'ın yanı sıra İstanbul Valisi Davut Gül, Eyüpsultan Kaymakamı Dr. Arslan Yurt, İstanbul İl Müftü sultan Yardımcısı Hüseyin Kaskın, Rami Kütüphanesi Müdürü Ali Çelik ve 26. ve 27. Dönem İstanbul Milletvekili Serap Yahşi Yaşar da katıldı. Bununla birlikte; birçok değerli sanatseverin de etkinliğe yoğun ilgi gösterdi.

Ziyaretçilerine duygusal ve görsel bir deneyim sunan fotoğraf sergisi deviet, sivil toplum ve sanat dünyasının insani hikâyeleri etrafında buluştuğu özel bir platform hâline geldi. Sanatseverlerin ilgi ve teveccühü WEFA önculüğünde düzenlenen etkinliğin toplumsal ve insani değerini bir kez daha ortaya koydu.

Yoğun ilgi gören sergide ziyaretçiler insani hikâyelerinin derinlemesine ayna tutan fotoğraflarla duygusal anlar yaşadı.

T.C. Aile ve Sosyal Hizmetler Bakanı Mahinur Özdemir Göktaş şunları kaydetti:

"İnsanın insana dokunmasına fotoğraf karelerini dönmüştürmeyen 'Hikâyenin Geri Kalanı' sergisinde bize aslında insanlığın bu başka boyutunu görme önüne seriyor. Ben bu vesileyle bu sergide emeği geçen iki sanatçımıza da çok teşekkür etmek istiyorum, Mehmet Aslan'ı ve Muhammed Muheisen'i ailesine. Bu sergiyi İstanbul'a kazandırmalarına ve bütün İstanbul'a aydınlık olan bu serginin de Rami Kitaplığı hanesine teşekkür ediyorum."

Bakan Özdemir fotoğrafın önemini şu sözlerle sürdürdü:

"Fotoğraf, çoğu zaman kelimelerin yetişemeyeceği yerlere ulaşır. Bir kare bir bakış, bir çok, izlediğimiz videoda bir karelerini ne kadar etkileyici olduğunu ve bütün dünyaya bir sesle nasıl yansıdığını gösterdi. Başeri kelimelerle anlatamadığımızı bir kareyle tüm dünyaya anlatabiliyoruz. İşte bu sergi de bugün bu işleri görüyor; başka hayatları anlatmamızı sağlıyor ve yaşamların görünür kılıyor. WEFA'ya ve iki fotoğraf sanatçımıza emek ve fedakârlıkları için teşekkür ediyorum."

Kendisine takdim edilen tablo üzerine Bakan Özdemir şu sözleri kaydetti:

"Bu tablonuz bize hediye edildi çok teşekkür ediyorum ama Rafe etmek istemiş bu yetkisine kimse bir duymuş ailesi ürün başkanı kurumlarımızla ilgili
